# SUMMER

## **CLIMB MONT BLANC**

THIS IS OUR MOST FAMOUS AND MOST POPULAR COURSE, AND WITH GOOD REASON. AS THE HIGHEST PEAK IN WESTERN EUROPE CLIMBING MONT BLANC IS A FANTASTIC ACHIEVEMENT, BUT ALSO

a very feasible objective for anyone with a good level of fitness and some hill walking experience. We teach all the necessary skills during the week long course, and acclimatisation is the key to our success rate.

## **ALPINE ESSENTIALS**

ALPINE ESSENTIALS IS DESIGNED TO TEACH YOU ALL THE FUNDAMENTAL SKILLS FOR CLIMBING IN THE ALPS. DURING THIS 5 DAY COURSE WE WILL START WITH ALPINE ROCK CLIMBS AND SCRAMBLES WHILE WE ACCLIMATISE, LEARNING APPROPRIATE ROPE WORK AND BELAYING SKILLS ON THE WAY. The second part of the week we spend in the high glaciated mountains of the Mont Blanc Massif, taking in two quality peaks while we learn appropriate crampon, rope and crevasse rescue techniques.

## **SWISS 400ERS**

SAAS IS A GREAT VENUE FOR INTERESTING AND SPECTACULAR, YET NOT TOO TECHNICAL, 4000M PEAKS. We will be in high alpine glaciated terrain for much of the week, spending 4 nights in mountain huts – climbing a total of 3 or 4 4000m peaks!

## **MATTERHORN**

A MATTERHORN CLIMB IS ONE OF THE MOST SOUGHT AFTER CHALLENGES IN THE ALPS. If you have previous experience on alpine grade AD terrain with good physical fitness, it is within your grasp! If it is something you have dreamt of but are not at that level yet let us teach you step by step and build up to this amazing peak.

## **TOUR DU MONT BLANC TREK**

THE TOUR DU MONT BLANC TREK LINKS THE SEVEN VALLEYS THAT SURROUND WESTERN EUROPE'S HIGHEST MOUNTAIN, OFFERING AN UNUSUAL VARIETY OF SPECTACULAR SCENERY AND

VARIED WALKS IN THIS WEEK LONG TREK. The route crosses three borders, climbs over six passes, traverses beneath huge glaciers, and meanders through beautiful alpine meadows, picture-book villages and splendid views of some of the Alps most beautiful peaks; This is a great introduction to the Alps and its mountains.

## **EVEREST BASE CAMP**

EVEREST BASE CAMP TREK IS PERHAPS THE MOST FAMOUS

TREK IN THE WORLD AND JUSTIFIABLY SO. The trek takes in some of the most famous mountain scenery in the world passing the beautiful Ama Dablam on route to Everest Base Camp itself and its spectacular 'horseshoe' of Everest, Lhotse and Nuptse. It combines scenery, culture, religion and of course your own personal effort. It's a trek that's shouldn't be missed and it never fails to impress.

## **MERA**

AT 6476M (OVER 21,000 FEET) MERA PEAK IS THE HIGHEST TREKKING PEAK IN NEPAL, and is ideal as an introduction to the world of high altitude mountaineering. The journey takes us into a more remote part of the Everest region and the view from the top is arguably one of the finest panoramas in the Himalaya – a magnificent spread of 5 of the world's highest mountains (Everest, Lhotse, Makalu, Cho Oyu and Kangchenjunga). Climbing Mera Peak is a 3 week expedition. Whilst it is a tough and demanding climb, Mera has little in the way of technical climbing. As such it is accessible to most mountain walkers, provided they are fit, acclimatised and armed with determination and strong willpower.

# TREKKING

# EXPEDITIONS

OUR WORLDWIDE EXPEDITIONS WILL TAKE YOU TO THE SUMMIT OF EVEREST, THE SEVEN SUMMITS AND A NUMBER OF CLASSIC HIMALAYAN PEAKS SUCH AS AMA DABLAM AND MERA PEAK. THERE'S SOMETHING FOR EVERYONE.

## KILIMANJARO

WANT TO GET HIGH UP IN THE SKY WITHOUT DANGLING OFF A ROPE? Kilimanjaro is the challenge for you! We run expeditions throughout the year with varying itineraries from 10 days – 15 days. Kilimanjaro is the highest point in Africa which is a superb challenge for fit trekkers and walkers as well as a highly memorable and diverse experience. The flora, fauna and landscape around you changes continuously as the journey takes us higher, eventually reaching 5895m above sea level. Optional beach and safari extensions available.

## ACONCAGUA

ACONCAGUA (6962M) IS THE HIGHEST MOUNTAIN OUTSIDE CENTRAL ASIA AND ONE OF THE '7 SUMMITS'. Set in the heart of the Andes on the Chile/Argentina border, the views are spectacular. This expedition is a great chance to see Argentina and climb the highest trekking peak in the world! Aconcagua is a step up from Kilimanjaro and Mera and is a real physical challenge for the trekker and mountaineer.

## AMA DABLAM

SOMETIMES CALLED THE 'MATTERHORN OF THE HIMALAYAS' AND FOR GOOD REASON, Ama Dablam is one of the most eye-catching and stunning peaks you will ever see. Viewable from several sections of the trek to Everest base camp, it tempts people back to climb it every year. It is a relatively technical climb reaching 6856m above sea level and requires significant mountaineering experience to climb.

Check out [www.dreamguides.com](http://www.dreamguides.com) for a full list of all our expeditions and begin your mountaineering with us now!

# MEET KENTON COOL

DREAM GUIDES WAS FOUNDED AND IS DIRECTED BY TWO IFGMA BRITISH GUIDES GUY WILLET AND KENTON COOL. Both hold amazing guiding resumes with Kenton making the news on a regular basis. Here is a little info about the Dream Guides star:

Kenton is one of the world's leading alpine climbers and his 11 Everest Summits are just one of his incredible feats of human achievement. He has worked alongside a number of public figures including guiding Sir Ranulph Fiennes to the summit of both Mount Everest and the Eiger, raising £3m for

Marie Curie Cancer Care. More recently he fulfilled 'The Olympic Games Pledge' in 2012, whereby a century old promise made by Great Britain to Baron Pierre

de Coubertin to place a 1924 Olympic Gold Medal on the Everest summit was completed four weeks before the London 2012 Opening Ceremony. He has only recently returned from completing his 11th summit for Everest and his record 3 peaks challenge of Mt. Nuptse and Mt. Lhotse in the same climb.

Ice climbing, Norway. Photo copyright N. Gresham.

All this experience has been plugged into making our courses and expeditions the best out there. If Everest is a dream for you, get in touch with the Dream Guides team to talk over our tried and tested itineraries. We can train you up, with no previous alpine experience, all the way to EVEREST!
